Experience

■ **Sullivan & co** (August 2016 - Current) Front End Engineer

Developing front end applications with using frameworks Vue, React, and Angular. Working with modern front end technologies such as ES6 and Webpack to build editorial sites and application development.

■ **Athletics** (November 2015 - July 2016) Front End Engineer

Prototyped and produced production level code for editorial and data driven applications alike. Worked with a multitude of tools including: Knockout MVC, SASS, LESS, es6, and WordPress

■ **Freelance** (February 2013 - January 2014) Front End Designer and Developer

Worked alongside small teams or alone on front end projects. From prototyping to building production code using modern front end techniques. With companies and studios such as:

Hill Holliday
Kaiser Permanente
Racepoint Group
Part 12 Studios

■ **Burst Media** (November 2011 - February 2013) Digital Graphic Designer

Designed digital collateral and interactive rich media. Taking on small development tasks involving javascript and ad tracking.

Interests

Drawing comics, reading, and biking.
